FOR IMMEDIATE RELEASE

City Council Meetings Available Online

Kerrville- The City of Kerrville Information Technology Department would like to announce an enhancement to our website where City Council meetings will be available in a video-on-demand format. You will be able to access the videos through several methods. The most prominent option will be to click on the link that says City Council Video under the eGov portion of the website. You can also access the videos by going to <http://www.kerrvilletx.gov/video>

Initially approximately 3 months of City Council video will be available at a time through the website. We are looking for opportunities to expand this functionality where all meetings recorded can be available through our website on demand.

For additional information concerning City Council meetings availability online, please contact Mindy Wendele, Director of Business Programs at 830.258.1112.
